

Department of Electrical Engineering

1. Electrical Machine lab

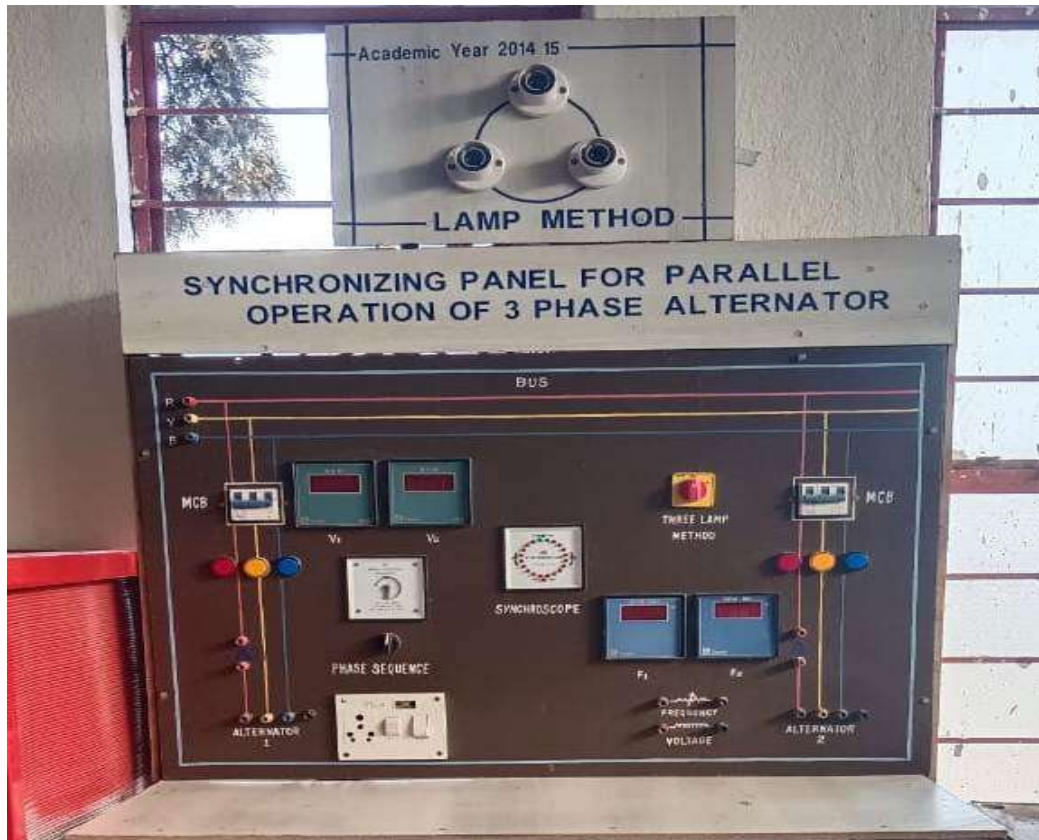

Electrical Machine Lab Major Equipments

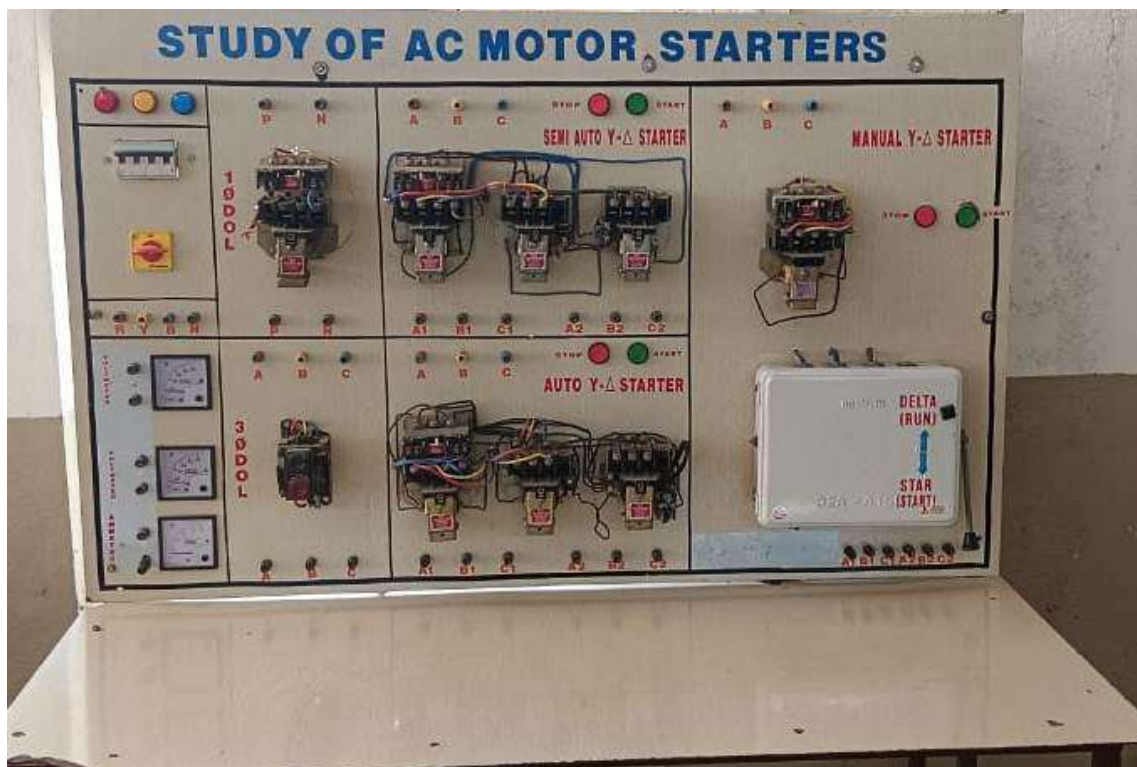

3Phase Induction Motor # D.C.Shunt Generator

3 Pahse Transformer

Synchronizing panel for parallel operation of 3 phase alternator

Study of A.C. Motor Starters

2. Electrical Power System Lab

Major Equipments Power System Lab

Electromagnetic Overcurrent Relay

Over Current Relay

3. Electrical Computer Lab

Major Equipments Electrical Computer Lab

Network 4U Rack

Personal Computer Setup (30 nos.)

4. Electrical Workshop Lab

Major Equipments Electrical Workshop Lab

Power Guard Meter

Screw Driver Set (10)

Drill Machine (04)

Wiring Tool Kit

Battery Charger

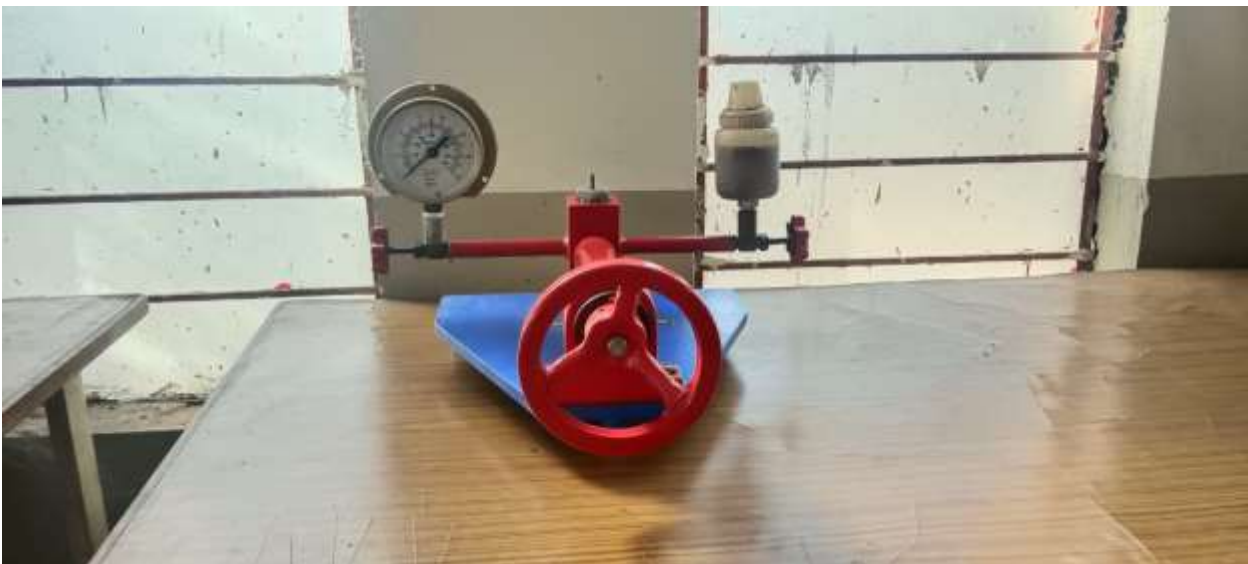

5. Electrical Measurement Lab

Major Equipments Electrical Measurement Lab

Capacitive Level Measurement

Dead Weight Tester

Kelvin's Double Bridge Kit

Wheatstone's Bridge Kit
